

CLASSROOM /AREAS SPECIAL MEASURES

Security distance:

The security distance between each individual is 1.5-2 metres.

Hand washing:

Please make sure children and staff members wash their hands following the correct procedure.

- On arrival to the school and before contact with children.
- Before and after preparing/manipulating any foods, children's or your own.
- Before and after supporting children's toilet needs.
- Before and after going to the toilet.
- Before and after supporting children's needs i.e. nose wiping (single use tissues only)...etc.
- Everyone must wash their hands at least once every two hours.
- It is not recommended to wear gloves but to follow the rules of hand washing.

Classroom Ventilation:

- Classes must be aired before and after children enter them. At least 3 times a day and for a period of no less than 10 minutes.
- Doors should be left open for constant ventilation.

Cleaning and Sanitation:

- Each classroom has a recommended disinfectant for cleaning and sanitising the areas which children and adults are in contact with.
- Areas must be sanitised and cleaned regularly and as required, depending on use.
- Resources and materials should be encouraged for single use only.
- Resources and materials must be thoroughly washed after being used.
- Within the EYFS, toilets and sinks must be disinfected and cleaned after every single use.

Face Masks and Gloves.

- It is recommended that all members of the staff wear a face mask.
- If children are keeping the precautionary distance of 1.5-2 metres, there is no need for them to wear a mask.
- It is not recommended to wear gloves but to follow the rules of hand washing.
